AZIENDA ELETTRICA TICINESE, AET, IS A PUBLIC INSTITUTE FOUNDED IN 1958 BY THE CANTON OF TICINO TO PRODUCE AND DISTRIBUTE ELECTRICITY.

AET USES THE NATURAL RESOURCES AVAILABLE IN TICINO TO GENERATE RENEWABLE ELECTRICITY. MORE THAN A THIRD OF TICINO'S HYDROELECTRIC POWER IS MANAGED BY AET ON BEHALF OF THE CANTON. IN ADDITION, AS A WHOLESALER AND GRID OPERATOR, IT SUPPLIES POWER UTILITIES.

TODAY, THE COMPANY DRAWS ON SIX OF ITS OWN HYDROPOWER PLANTS, NUMEROUS PHOTOVOLTAIC PLANTS AND PARTICIPATIONS LOCATED IN SWITZERLAND AND OTHER COUNTRIES TO GENERATE ELECTRICITY. AET'S TRADING DIVISION IS ACTIVE IN THE ELECTRICITY MARKETS OF SWITZERLAND, ITALY, FRANCE, GERMANY AND AUSTRIA.
