

SEP Success Story: PRIMUS DELPHI

PRIMUS DELPHI GROUP (PDG) is an IT consulting company, focused on Oracle products and technologies for over 25 years. Their comprehensive portfolio includes the entire Oracle product range of database solutions, hardware and software. As an implementation partner for Oracle ERP applications PDG offers consulting, software development, interfaces, trainings, as well as classical IT.

"I have several years of experience with the SEP sesam solution, including Oracle DB and OLVM backup, and I am very satisfied. In addition, there is the excellent support when you need it. It is competent, uncomplicated, German speaking and very responsive. Therefore, I can highly recommend the SEP solution to our customers." Arno Werner, Head of IT-Infrastructure, PRIMUS DELPHI
